Reading

- This week in our readers workshop we practiced comparing and contrasting two tales using a Venn diagram. The two tales we read were The Three Little Pigs and The Three Dasses.

Language Arts

- This week we began talking about verbs. The students understand that verbs are action words and are able to identify them in sentences.

Math

- This week we started to identify different addition strategies. The students practiced using a number line to add on.

Social Studies

- This week in social studies we talked about veterans. The students were able to recognize

the importance of Veterans Day.

Religion

- This week in religion we started talking about Joseph and the Holy Family. The students then reflected by drawing a picture of their family and verbalizing a reason why their family is special to them.

Coding!

- The students were introduced to coding this week. To say they enjoyed it is an understatement! It was so nice to observe the children problem solve their way through each task. We hope to be incorporating coding lessons at least once a week!

Notes:

Thank you all for taking the time to come in for a parent teacher conference. It was so nice to touch base and talk about your child's growth. Here is to another great trimester!

Happy Veterans Day!
