Reading

- During our readers workshop we talked about learning new words. We practiced strategies to identify what words mean.

Language Arts

- This week we learned about questions. We continued to compare how sentences and questions are different. We will have our first test next week.

Math

- In math we continued to learn addition strategies.

Science

This week we began to prepare for our apple orchard field trip. We started to talk about apples and how they grow throughout the seasons.

Religion

- We talked about welcoming Jesus into our lives. One day we did a prayer reflection. The students were very into it! I was so excited to observe their connections while praying.
